## Overview

### Purpose

The Juvenile Welfare Board has established financial policies and procedures to assist JWB-funded programs with the financial administration of JWB funds. The primary purpose is to assist programs in the development of their budgets and to operate their programs according to sound financial management principles and in alignment with their approved program methodology. This manual outlines those policies, procedures and guidelines.

This manual is a living document, which will be updated periodically. Providers will be notified a minimum of thirty (30) calendar days of any modifications to these policies and procedures. This manual will be maintained on the Juvenile Welfare Board of Pinellas County web site, which can be accessed at [www.jwbpinellas.org](http://www.jwbpinellas.org).

### Authority

As stated in the Juvenile Welfare Board Policies III-1, “the Board has the powers and duties to provide, maintain, manage, and allocate funds to providers providing services that are operated for the benefit of Pinellas County children and families as determined or directed by the Board in accordance with the Strategic Plan and adopted budget.” The Juvenile Welfare Board has delegated the responsibility and authority to JWB staff to review and approve line item budgets within their approved allocation that are in compliance with JWB funding policies and in alignment with JWB approved program methodologies.

### Agency Responsibilities

Financial management systems are necessary for effective control over accountability of all funds, property, and other assets. These systems must also adequately ensure that assets purchased with JWB funds are used for their intended purpose. While providers are afforded flexibility in the design of an operational budget, providers must expend all funds in a manner that is consistent with the JWB approved methodology as well as being consistent with sound business practice, and relevant state and federal statutes.

### Financial Data Submission

The JWB Grants Management System is the web-based reporting system developed to facilitate financial data transfer between JWB and its funded programs. Provider is solely responsible for providing proper user access to their staff and updating their access, as needed, based on changes to their roles.

If the user no longer requires access, designated Provider staff must terminate access by the close of business of their last working day if separation is voluntary and immediately in the case of involuntary terminations.

## Budget Development

Budgets in the JWB Grants Management System must include all anticipated program expenditures and revenues. All anticipated expenditures must be in alignment with the approved methodology.

1. JWB will notify providers of program allocations and the date provider program budgets are due to JWB for review. Budgets are based on a fiscal year of October 1st through September 30th.
2. Program budgets submitted to JWB must be balanced. The provider shall enter the Total Program Budget from all revenue sources, including in-kind. The Total Program Funding must balance with Total Program Budget prior to submission.
3. Revenue that is restricted shall include a detailed narrative of the eligible expenses.
4. Each budgeted line item must have a detailed narrative. If there is a change of +/- 10% greater than \$1,000 from the previous year for any line item in the total program budget or JWB Budget, an explanation for the change is required in the narrative. An explanation must be provided for a new or removed expense within a budgeted line which may not meet the +/- 10% threshold.
5. Positions are recognized in the JWB Grants Management System at the agency level. All staff must be assigned to a position and position titles should be consistent with the agency position profile on file. If job duties or titles have changed, the Provider must submit a Position Change Form within the grants management system to alert JWB of all changes.
6. Gross salary must be entered for each position. The percent of time to program and percent of JWB support must be entered in order for JWB to verify the program and JWB salary amounts.
7. A position narrative must be included in budgets which explains all of the following:
  - a. Total FTEs and a break out of full time, part time and seasonal staff
  - b. Any changes to positions from prior year (adding or removing positions)
  - c. % of increase and decrease from prior year in staff salary.
  - d. Rationale for increases and decreases in salary (cost of living, merit, etc.)
8. Any agency with an approved indirect cost rate from a cognizant federal agency must provide their rate in the Administrative Costs line item narrative in the agency budget. An approved cost allocation plan shall be submitted to their assigned JWB Program Financial Analyst. If an agency does not have an approved cost allocation plan, their administrative rate must not exceed the rate calculated based on their most recent audited financial statements or Form 990. The JWB reimbursable Total Administrative Cost must not exceed 17% of the JWB Allocation per JWB Board action on February 8, 2007. Administrative costs shall not include any costs budgeted in another line item.
9. The budget will not be approved until both the authorized funded agency representative and the Chief Executive Officer of JWB have signed the contract.

## **SALARIES**

### **Positions**

1. All positions in JWB funded programs must be submitted with the budget to JWB in the prescribed format, whether funded by JWB or not.
2. Positions must be kept updated to reflect current positions, program support, and staff throughout the contract cycle.
3. Changes in staff duties and assignments must be approved by JWB in advance of making those changes. Thirty days after approval, an updated methodology and the corresponding position profile shall be submitted.
4. Positions and Staff are not assigned to a fiscal year and must remain open as long as they are active. The start and end dates of the positions must reflect the actual date the position was created/assigned and ended. If a position is no longer funded in the program, the position record must be ended with the effective date.
5. Each position and all staff must be individually identified and must not be grouped. All positions and staff must be updated and maintained throughout the contract year as changes occur.
6. Staff names must reflect the actual employee's name. If a Position is vacant, a staff member should not be assigned. Do not create a staff member with a fictitious name, i.e. Vacant, TBA, TBD, to be Hired, Unknown etc.
7. The JWB Senior Program Consultant must be notified in writing by program staff within 30 days of all key staff member changes.
8. A chart of accounts is attached for reference in budgeting personnel expenses.

### **Allowable Salary Expenses**

1. Salary Increases / Adjustments
  - a. Provider shall provide supporting documentation (Board meeting minutes, etc.) for all salary adjustments. Pre-planned merit increases for staff must be reflected in the salary for each position that is included in the approved line item budget and position narrative. The salary narrative shall include the % increase, type of increase and approval date. If programming is impacted by the adjustment, an updated methodology must be approved prior to submitting the budget.
2. Leave Payout upon Termination or Reduction in Work Force:
  - a. JWB will reimburse for recorded leave balances of up to two weeks for JWB funded positions. The recorded leave balance can be a combination of Paid Time off (PTO), Annual Leave (AL) or Sick Leave (SL).
  - b. If the cost of leave payout is not available through expenditures elsewhere in the program's budget, additional funds cannot be requested from JWB. If the leave payout requires a budget revision, the revision must be submitted in writing to the Chief Financial Officer

prior to a budget amendment. The Provider will have to be able to demonstrate how the funds for the lump sum payment are available in the program's budget.

## **PROGRAM REVENUE**

All revenues, including in-kind and donations that support the JWB funded program must be reflected in the program budget. Provider will report in the JWB Grants Management System and to their assigned Senior Program Consultant within 90 calendar days any changes in non JWB revenue that would impact targeted service levels in JWB funded programs. All revenues generated for a JWB funded program must remain in that program as a condition of funding and be reflected in the program budget.

## **PAYMENT METHOD**

1. JWB funding is provided on a reimbursement basis. Payment is made by Check or Electronic Fund Transfer (EFT). JWB will contract through cost reimbursement only. The specific terms of these agreements will be established by JWB at the onset of each fiscal year.

## **Reimbursements**

1. Reimbursements will not be processed until the agreement has been executed by all parties and the budget has been approved in JWB Grants Management System. JWB will reimburse the provider up to the contracted budget amount for each subcategory or line item. JWB reimburses based on actual expenditures. Expenditures must be billed for reimbursement in the contract period in which the expense is incurred and in accordance with the JWB Accounts Payable Schedule. Expenditures in excess of the contracted budget will not be reimbursed by JWB. Reimbursements shall be submitted in accordance with the agreement.
2. Agency payment for all line items must occur prior to the submission of the reimbursement request.
3. Generally, services or purchased goods should fall within the date range of the reimbursement created. Services or goods must be performed or received in the fiscal quarter for which reimbursement is being sought. Requests that include expenses from a previously reimbursed period or quarter may be disallowed.
4. Reimbursements in JWB Grants Management System shall be supported with the appropriate Accounts Payable, General Ledger, and/or Payroll reports produced from the Provider's Accounting System and must match the requested amounts for each subcategory or line item. All reports shall be submitted in EXCEL or equivalent format.
5. Documentation to support the requests shall be maintained by the provider and made available to JWB upon request.

## **LATE REIMBURSEMENT REQUESTS**

1. JWB typically issues reimbursements in accordance with an Accounts Payable Schedule attached to the JWB agreement. Per these agreements, providers shall elect to submit a request for payment at a minimum of once a month.
2. Reimbursements are considered untimely if submitted after the date outlined in the JWB agreement
3. Upon the occurrence of a late reimbursement request, JWB program finance staff will contact the agency finance staff and document the details of the late submission.
4. Following the occurrence of a second late reimbursement request, JWB will contact the agency Chief Financial Officer (or equivalent) and document the details of the late submission.
5. Following the occurrence of a third late reimbursement request, JWB will contact the agency Executive Director (or equivalent).
6. Repeated late requests for reimbursement shall be reported to the JWB Chief Executive Officer.
7. Repeated late requests for reimbursement may result in non-renewal or discontinuation of funding.

## **BUDGET AMENDMENTS**

Funded providers shall monitor spending and make appropriate adjustments to their budgets utilizing the Budget Amendment (BA) process. Budgets should be reviewed against actual spending throughout the fiscal year. Amendments may be done throughout the funding year and should result in the agency's ability to spend down nearly 100% of its allocation if all costs are realized. Once a budget is approved, changes can only be made through a BA.

The budget line items in the JWB Grants Management System are set up as Categories and Line Items. The movement of funds between categories requires a BA and approval by JWB. Any movement of funds that involves salary, benefits, administrative costs and/or capital require the approval of the Program Finance Manager.

Budget amendments must be submitted and approved through the JWB Grants Management System. Budgeted expenses are intended to be directly related to the program's ability to achieve the results in which the JWB has invested. Any budget revisions should, therefore, not change the nature of the program. Complete narratives, including the calculation and reason, should be included in both of the subcategories where money is credited and/or debited. Amendments must be submitted and approved prior to the actual expenditure. JWB funds may not be used to supplant other sources of revenue.

Budget amendments for the current contract period that may increase the following contract period's budget may or may not be approved. If approved, JWB is not committed to funding that increase in the following contract period.

## **FINANCIAL AND AUDIT REVIEW PROCESS**

The financial program monitoring site visit is performed annually by the Program Finance Unit. A Financial Monitoring Report along with supporting schedules and documentation will be reviewed with the Chief Financial Officer for approval. If an adjustment or a disallowance is made for an expense, the adjustment must be paid back to JWB prior to the execution of the subsequent fiscal year's agreement. A copy of the report is distributed to the provider to review. If any findings are identified in the report, the provider should document an acceptable remediation plan. JWB will determine, based upon the finding, what follow-up will be done. Findings that are severe or persistent may result in a formal Performance Improvement Plan (PIP) or Corrective Action Plan (CAP) with a set timeline for expected remediation of each issue. Actions not completed and findings that persist may result in the termination of program funding. Once the Financial Monitoring Report is approved and signed, a copy will be sent to the provider, shared with the JWB Board, and archived in Laserfiche.

Annually, the funded providers shall engage an audit firm that follows Government Audit Standards when conducting the financial audit and shows evidence of a peer review report completed every three years. By JWB agreement, the audit will be completed and a copy uploaded to the designated folder in the JWB Grants Management System within 180 days following the fiscal year end.

**JWB Contact Information**

Agency staff should contact the JWB Program Finance Manager if they have any questions or require further guidance regarding the policies and procedures detailed in this manual.
