If approved, recipients must prepay inside the service station prior to pumping gas.

Bus Passes

Bus passes are purchased in bulk by The Juvenile Welfare Board of Pinellas County (JWB). Agencies utilizing bus passes must request them from JWB and shall maintain an inventory at their agency. Bus passes must not be purchased with a p-card, generic or named. Any purchases made with a p-card will be reported to the agency supervisor for review and could result in possible suspension of p-card usage. All requests are required to be entered into the JWB data collection system following the general rules for requesting goods/services.

Bus Passes can be provided to FSI participants for essential trips for basic needs in Pinellas County when no other resources are available. Essential trips for basic needs that include, but are not limited to, food, childcare, education, medical and employment. Agency staff should make the most appropriate determination on whether to provide a 5-day, 7-day or 31-day type of bus pass to the family.

If a family qualifies for the Pinellas Suncoast Transportation Authority (PSTA) Transportation Disadvantaged (TD) program but staff experience delays in PSTA application processing, staff may provide a 5-day or 7-day bus pass to ensure transportation is available for essential trips.

Each agency with bus pass inventory must have an assigned staff member responsible for keeping track of the inventory. Inventory tracking must include the bus pass type, number, name of staff receiving the bus pass, date bus pass

was removed from inventory, and the JWB data collection system client ID# of the family to whom the bus pass is given.
