

# INTERESTED IN LEARNING MORE ABOUT PEDIATRIC MENTAL HEALTH?

## PEDIATRIC PRIMARY CARE (PPP) TRAINING

Please join us for a comprehensive course  
for Pinellas County pediatricians

Juvenile Welfare Board (JWB) is bringing the REACH Institute to Pinellas County to provide a free Patient-Centered Mental Health in a Pediatric Primary Care (PPP) training. Space is limited to 25 participants, first-come, first-serve.

A four-month, case-based distance-learning program will follow the training.

CE credits will be available upon completion.

PPP is an innovative training program designed to increase clinicians' comfort with assessing, diagnosing, and treating low to moderate pediatric mental health conditions.

# Pediatric Primary Care (PPP) Training

PPP is an innovative training program designed to increase clinicians' comfort with assessing, diagnosing, and treating low to moderate pediatric mental health conditions.

The Juvenile Welfare Board (JWB) launched a Children's Mental Health Initiative (CMHI) to effectively address, improve, and promote mental health for children and families in Pinellas County. CMHI's vision has resulted in a high quality, service-integrated, coordinated system of care; focusing on prevention, early detection and intervention for children and their families.

## Course Information

**Participants can earn AMA Category 1 and ANCC credits for both components.**

- A dynamic three-day, 16.5-hour interactive course.
- A four-month, case-based distance-learning program. Twice a month, participants will join a one hour group conference call with national primary care and child/adolescent psychiatry experts to learn how to manage pediatric mental health issues encountered in daily practice.
- All participants will receive custom-designed toolkits with guides, assessment instruments, dosing and side effect charts, medication comparison tables, and handouts for patients and parents.

## Course Goals

**To effectively use medications for pediatric behavioral health problems, participants learn to:**

- Correctly identify and differentiate among pediatric behavioral health problems such as childhood depression, ADHD, bipolar disorder, anxiety states (including PTSD), oppositional and conduct disorders, and psychosis.
- Effectively manage psychopharmacology: selecting medications, initiating and tapering dosages, monitoring improvements, and identifying and minimizing medication side effects.
- Create and implement a treatment plan by mobilizing existing resources like family members, school personnel, and other professional caregivers.

**Registration deadline is Friday, January 2, 2026**

### CME Accreditation

In support of improving patient care, this activity has been planned and implemented by the University of Arkansas for Medical Sciences and the REACH Institute. University of Arkansas for Medical Sciences is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

### Designation

#### AMA Credit Designation Statement

The University of Arkansas for Medical Sciences designates this live activity for a maximum of 24.50 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

#### ANCC Credit Designation Statement

The University of Arkansas for Medical Sciences designates this live activity for a maximum of 24.50 ANCC contact hours. Nursing contact hours will be awarded for successful completion of program components based upon documented attendance and completion of evaluation materials.

#### AAPA Credit Designation Statement

The University of Arkansas for Medical Sciences has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 24.50 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.
