Juvenile Welfare Board of Pinellas County  
14155 58th St N, #100  
Clearwater, FL 33760

To the Leaders and Team at the Juvenile Welfare Board,

Your organization's commitment shown in safeguarding children across Pinellas County stands out as a strong example of public service in our state. The work carried out to help confront and prevent child trafficking reflects a heartfelt mission to protect the most vulnerable in our society.

We must continue to promote safety, strengthen families, and ensure that every child in Florida has the chance to grow up free from exploitation and fear. During my service as Florida's Attorney General, I launched statewide initiatives, expanded partnerships with law enforcement, and increased resources available to survivors. That mission continues today in the Senate, where I remain focused on holding traffickers accountable and improving protections for children.

Also, as a mother, I am thankful to know that there are partners in this fight who place such value on the welfare of children.

Thank you for setting a standard that inspires agencies and communities across Florida. The impact of these efforts is significant and appreciated.

Sincerely,
